Objective

Aspiring MERN stack developer with a background in Mechanical Engineering and hands-on experience in Python, SQL, React.js, and web development. Eager to leverage my strong analytical skills, problem-solving mindset, and technical expertise to contribute to the development of innovative software solutions. Passionate about continuous learning and growth in the field of software development, particularly in full-stack technologies.

Education

NXT Wave - CCBP 4.0 Intensive

June 2023 - Still going on 2025

Focused on MERN Stack development (MongoDB, Express.js, React.js, Node.js) and Data Analytics.

Bachelor of Technology in Mechanical Engineering

Raghu Engineering College, Visakhapatnam | 2018 - 2021

CGPA: 7.24/10

Diploma in Mechanical Engineering

Sai Ganapathi College, Visakhapatnam | 2014 - 2017

Percentage: 65.76%

Secondary School Certificate (SSC)

Ravindra Bharathi School, Visakhapatnam | 2013 - 2014

CGPA: 6.3/10

Technical Skills

- Programming Languages: JavaScript (Intermediate), SQL (Intermediate), Python (Basic)
- Web Development: React.js (Beginner), Node.js (Beginner), Express.js (Beginner), HTML, CSS
- Database: MongoDB (Beginner), SQL
- Tools & Software: Git, GitHub, VS Code

Certifications

- Accenture North America Data Analytics and Visualization Job Simulation
- Python 101 for Data Science
- SQL and Relational Databases 101

Projects

Sliding Bi-Cycle (Diploma Project)

- Designed and fabricated a bi-cycle with a unique sliding mechanism for lateral movement.
- Led the design and implementation, focusing on improving functionality and rider comfort.

Hydrogen Powered Petrol Engine (HHO Dry Cell) (B. Tech Project)

• Developed and tested a hydrogen-powered petrol engine using an HHO dry cell, enhancing fuel efficiency by promoting complete combustion.

Work Experience:

Process Executive

Patra Corp, Visakhapatnam, India | June 2022 – July 2023

- Processed customer data with precision and ensured high accuracy.
- Managed client communications, resolving inquiries and providing support.
- Collaborated with cross-functional teams to enhance operational efficiency and productivity.
- Maintained detailed records of data interactions and processed data to meet deadlines.

Personal Skills

- Strong communication and interpersonal skills, with the ability to work effectively in a team.
- Problem-solving and analytical abilities honed through engineering projects and software development.
- Quick learner, eager to improve technical knowledge and stay updated on industry trends.
- Strong time management skills, developed through academic and professional experiences.
